Professor Yong-Chul Kim and Professor Chanho Pak appointed as members of the National Research Foundation of Korea

- GIST (President Kiseon Kim) Professor Yong-Chul Kim School of Life Sciences and Professor Chanho Pak of the School of Integrated Technology have been appointed as members of the National Research Foundation of Korea.
 - The National Research Foundation of Korea operates a research project management system by experts in academic and R&D fields to effectively manage academic and R&D support projects and to maintain professionalism and fairness in project management.
 - The expert committee will play a role in recommending candidates for the evaluation of research projects in the relevant fields of academic and R&D support projects, reviewing the results of online evaluations, establishing plans for planning and budget allocation, and evaluating new research projects.
- Professor Yong-Chul Kim is an expert in the field of new drug discovery and Professor Chanho Pak is an expert in energy and fuel cells; both appointments are for one year and eight months until June 2021.
