GIST signs business agreement with Kwangju Bank to foster artificial intelligence industry

- GIST (Gwangju Institute of Science and Technology, President Kiseon Kim) signed with Kwangju Bank on June 18 to foster the artificial intelligence industry.
 - The signing ceremony at GIST was attended by GIST President Kim Ki-sun, Kwangju Bank President Jong-wook Song, and other officials.
- The main contents of this agreement include ▲ cultivating artificial intelligence experts and securing excellent personnel ▲ carrying out artificial intelligence industry-related projects ▲ other areas of possible AI-related cooperation.
- GIST President Kiseon Kim said, "Recently, user-centered digital banking services using artificial intelligence technology has been spreading in the financial sector. Based on GIST's excellent artificial intelligence research, it is hoped that Kwangju Bank's specialized financial technology can be combined to contribute to providing convenient financial services to local people and securing the competitiveness with digital technology."
