President Kyung-ho Chung said, "To help vulnerable people and families with disabilities due to the prolonged coronavirus pandemic, we have

gathered the hearts of GTMBA Golf Club members and made the donation. We will continue to pay attention to the neighbors around us and make efforts to continue to practice community sharing."

Gwangju Metropolitan City Rehabilitation Association President Jong-man Na said, "This donation will provide warm comfort and hope to youths from families with disabilities who are experiencing greater difficulties due to COVID-19. I would like to express my gratitude to the GIST GTMBA Golf Club for supporting the dreams of students with disabilities despite the difficult economic situation."

The GTMBA Golf Club has sponsored a social contribution project to support low-income students at local children's centers by donating 5 million won to GIST in November of last year as well as sponsoring this scholarship for youths with disabilities.

Meanwhile, GTMBA contributes to revitalizing local economy and industry-academic cooperation by fostering the corporate environment, global management strategy, and cultural awareness through lectures by top experts in Korea and by creating a large human network.

The 11th session, which started in March, will be held every Tuesday at 7:00 pm at GIST's Oryong Hall until December.
