▲ On the 11th (Tuesday), the GIST Techno Management Business Academy (GT MBA) held the 14th Alumni Association inauguration ceremony and the attendees took a commemorative photo.

The GIST (Gwangju Institute of Science and Technology, President Kichul Lim) announced that it held the inauguration ceremony of the 14th Alumni Association of the Techno Management Business Academy (GT MBA) (Chairman Won-man Kim, Chairman of Saehan Plus Co., Ltd.) on Tuesday, June 11.

The event was held at the Oryong Hall multipurpose hall with approximately 50 people in attendance, including GIST President Kichul Lim, Vice President for Public Affairs Yonghwa Chung, Academy Director Jae Gwan Kim, GT MBA alumni, and members of the 14th class.

President Kichul Lin in a congratulatory speech said, "The launch of the 14th Alumni Association signifies a new beginning and leap forward, and we ask for your interest and encouragement as GT MBA opens a new future. We hope that you will make valuable connections and achieve meaningful results through the GT MBA course, and we wish for the infinite development of GT MBA and the Alumni Association."

14th Alumni Association Chairman Won-man Kim in his inaugural speech said, "As a place where GT MBA has a well-organized educational program, excellent lecture photos, and a wide human network, we will strive to become the best alumni association by achieving harmony and exchange among alumni. We will strive to contribute to the positive connection and mutual development with the local community through industry-academia cooperation and to increase the value of GT MBA."

Wan-rae Sun, secretary general of the alumni association, said, "Let's work together to promote harmony among each class so that GT MBA can become the best

academy in the community and so that alumni businesses can become the center of local economic development."

Since its opening in 2010, the GIST Techno Management Business Academy has had over 530 alumni lead regional economic development as top global leaders in various fields of society, including business, politics, and government.

It provides opportunities for innovation in consciousness, technology transfer, and industry-academia cooperation through systematic educational courses by experts from various fields that reflect the latest business trends. In particular, in order to promote balanced development of regional industries, it plans to open additional classes in the eastern region (Yeosu, Suncheon, Gwangyang) in September and conduct classes in Suncheon City.
