

GIST Techno Management Business Academy (GT MBA) launches 15th Alumni Association to foster future convergence technology management leaders

- 600 alumni of prestigious academy, 15th Alumni Association launched, expecting synergy in regional mutual development and talent cultivation
- Han-sang Jang, CEO of Hyundai Conveyor Co., Ltd., elected as Wonwoo Association President... Leading the future of industrial and technological convergence based on 15 years of educational achievements

▲ On Tuesday, May 20, the GIST Techno Management Business Academy (GT MBA) held the 15th Alumni Association Launch Ceremony and attendees is taking a commemorative photo.

The Gwangju Institute of Science and Technology (GIST, President Kichul Lim) announced that it held the 15th Alumni Association Launch Ceremony of the Techno Management Business Academy (GT MBA) at Oryong Hall on Tuesday, May 20.

About 50 people attended the event, including GIST President Kichul Lim, Vice President for Public Affairs Yonghwa Chung, Academy Director Jae Gwan Kim, GT MBA alumni, and 15th Alumni.

In his congratulatory address, President Kichul Lim said, “GT MBA has grown into a center for fostering convergent talents that encompass science, technology, and management, while agilely reading and responding to changes in the times over the past 15 years.” He added, “I hope that the valuable network will expand further through the GT MBA program.”

In his inaugural speech, Chairman Han-sang Jang of GTMBA (CEO of Hyundai Conveyor Co., Ltd.) said, "GTMBA is a place of practice where industry, technology, management, and leadership meet beyond a simple educational course." He added, "I will strive to contribute to strengthening local community ties and mutual development through industry-academia cooperation and to further enhance the value of GTMBA."

Jeong-sun Park, the president of the alumni association, said, "Let's promote harmony among the classes so that GTMBA can establish itself as the best academy representing the local community, and develop it into a community that grows together."

Since its opening in 2010, the GIST Techno Management Business Academy has produced over 600 alumni who are active as global leaders in various fields such as business, politics, and the public sector.

The academy not only leads to a change in mindset and perspective through expert-centered curriculum reflecting the latest business trends, but also contributes to the development of the local economy by providing opportunities for technology transfer and industry-academia cooperation.
