Sustainable Energy and E-mobility

Robotics and Automation

Healthcare and Medical Technology

Smart Metropolitan Planning

**16-18 October 2017**

Kimdaejung Convention Center,  
Gwangju Metropolitan City, Republic of Korea

## ADeKo

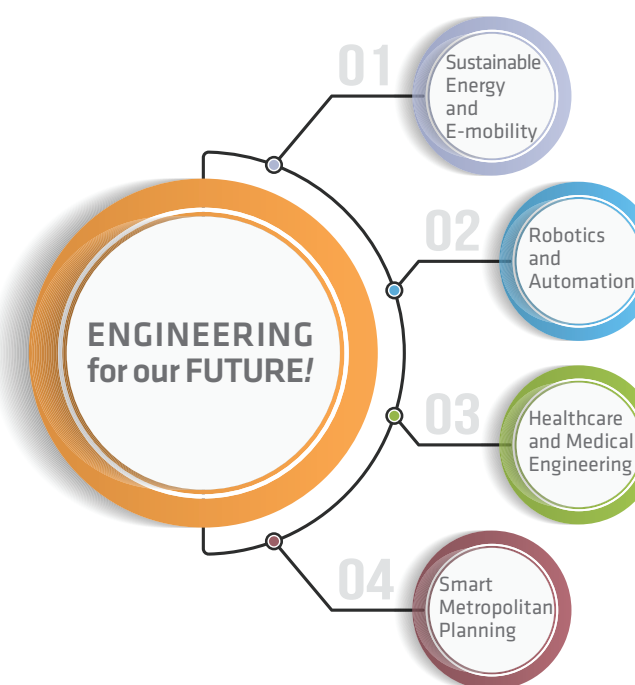

The alumni network Germany–Korea (ADeKo) e.V. is the world’s largest and only national–level network of Koreans who are affiliated with Germany. It was established in 2006 as a part of the ADeKo (Das Alumninetzwerk Deutschland–Korea) project by BMBF(German Federal Ministry of Education and Research) and it is registered as a corporation with the Korean Ministry of Foreign Affairs (MoFA).

## ADeKo Joint Korean–German Conference

This year, the 9th Joint Korean–German Conference will be held at the Kimdaejung Convention Center in Gwangju from Oct 16 ~18, 2017 under the theme of “Engineering for our Future”. The Joint Korean–German Conference is one of the major events for German–Korean cooperation. Until 2015, the conference was hosted in Korea annually but from 2016, the two countries started to take turns hosting the conference. In 2017, the conference will be hosted outside of Seoul for the first time in Gwangju and in 2018, the conference is scheduled to be held in Aachen, Germany. Approximately 500 participants including scholars, policymakers, businessmen and scientists will take part in this year’s Conference.

## Theme

Under the main theme of “Engineering for our Future”, sessions on Sustainable Energy and E-mobility, Robotics and Automation, Healthcare and Medical Technology, and Smart Metropolitan Planning will be held at 9th ADeKo Joint Korean–German Conference.
