

2023 Recruitment of GIST mentoring program(mentees/mentors)

The GIST Mentoring Program is a program to help freshmen who have difficulty learning subjects such as math and science adapt well to college life. We hope to contribute to the improvement of new students' learning ability and adaptation to college life by operating a program where seniors can mentor juniors who need help not only in completing basic subjects but also in overall college life, so we expect interested students to participate.

1. Qualification for application

Mentor	Mentee
2nd to 4th graders who can directly help the demand for mentees(In the case of basic subjects, the grade of the subject must be A0 or higher, and must be qualified to lead the mentee's learning)	First-year students who need help in completing basic courses and living a smooth college life

- ※ Excluding application for leave of absence (or scheduled person)
- Students who can be on campus during the period
- Students who are active, diligent, and responsible for their roles
