IMPORTANT :

→ The courses of the first semester begin during the first week of September, but during the week before, there will be a welcome and administrative meeting-day, which is compulsory for exchange students.

→ Also take note of the fact that a mandatory French intensive course for all non french-speaking students will already take place during the second half of August.

→ For course choice, here is our study programme : <http://www.insa-strasbourg.fr/fr/programme-des-etudes/?menu=formation>

→ Our course offer is mainly in French, but we are constantly also developing a course offer in English (at least partially or based on course material in English). Here is the link for our existing course offer in English :

<https://www.insa-strasbourg.fr/en/courses/courses-taught-in-english/?menu=courses>

→ It is not possible to mix courses from several studyfields or semesters. For example, if you want to follow courses in Civil Engineering during the first semester, you can only choose courses from Civil Engineering Semester 5 , Semester 7 or Semester 9.
