Announcement of Declaration and Withdrawal of **Minors** for the Spring 2026 Semester

This announcement provides the procedures for **declaring and withdrawing** from minors for the Spring 2026 semester. Students who plan to **declare or withdraw** from minors should complete the online registration and submit the required documents by the specified deadlines.

1. Requirements for Completing Minors

- a. A minor will be recognized if the student meets the specific credit requirements for the selected minor, including completing at least 15 credits in the minor field, in addition to their major.
- b. Students must study for at least 1 regular semester after selecting a minor.
- c. **Fields:** Electrical Eng. and Computer Sci., Materials Sci. and Eng., Mechanical and Robotics Eng., Environment and Energy Eng., Life Sciences, Physics, Chemistry, Mathematics, Biomedical, Culture Technology, Intelligent Robotics, Humanities and Social Sciences, AI Convergence, *Energy*
 - ※ Humanities and Social Sciences Minor: Select one from the five fields (Literature & History, Public Policy, Economics & Business, Science, Technology and Society, Mind & Behavior).
 - ※ Minor in Semiconductor Eng. is not offered.
 - ※ Energy Minor: Only minor cancellation is allowed. Minor declaration is not offered from the 2025-1 semester
 - ※ For detailed requirements by field, [refer to the Academic Handbook \(Undergraduate\)](https://www.gist.ac.kr/en/html/sub05/050209.html) (<https://www.gist.ac.kr/en/html/sub05/050209.html>).

2. Eligibility for Minor Declaration

- a. Completion of **at least two regular semesters with a GPA of 2.5 or higher.**

3. Procedure : Online registration

Category	Minor Declaration	Minor Withdrawal*
	Feb 13, 2026 (Fri) 14:00 ~ Mar 15, 2026 (Sun)	
Online	ZEUS > Student Records > Minor Declaration > (Select Minor and enter your study plan (at least 100 chars)) > Apply > Advisor ZEUS approval > Automatically submitted to the Student Records Team	ZEUS > Student Records > Minor Withdrawal > (Enter withdrawal reason) > Apply > Advisor and major/minor department chair ZEUS approval > Automatically submitted to the Student Records Team

* Students expected to graduate in Aug 2026 who are expected not to complete the required minor credits by the end of the Spring 2026 semester **must apply for minor withdrawal.**

4. FAQ and Other Inquiries

✓ **Can I declare or cancel a minor in my graduation semester?**

=> Yes, you **can both declare and cancel a minor** in your graduation semester.

However, you can only declare a minor if you are able to meet the requirements for that minor, including the courses you will take in the Spring 2026 semester. If you have already declared a major but expect not to meet the minor requirements by the end of the Spring 2026 semester, you must apply for minor cancellation.

※ If unforeseen circumstances arise, such as not meeting the minor requirements due to the Spring 2026 grade processing results, a separate exception cancellation period will be announced in May. During this period, only students expected to graduate may apply for cancellation.

✓ **Can I declare more than one minor?**

=> Yes, you **can declare more than one minor** during your studies. However, within the **"Humanities and Social Sciences" category, only one minor can be chosen.**

e.g., Physics Minor/AI Convergence (O), Mathematics/Literature and History (O), Literature and History/Public Policy (X)

✓ **Where can I find the minor course curriculum list?**

=> Please, [refer to the Academic Handbook \(Undergraduate\)](https://www.gist.ac.kr/en/html/sub05/050209.html)
<https://www.gist.ac.kr/en/html/sub05/050209.html>.

Announcement of Declaration and Withdrawal of **Double Major** for the Spring 2026 Semester

This announcement provides the procedures for **declaring and withdrawing from a double major for the Spring 2026 semester**. Students who plan to declare or withdraw from a double major should complete the online registration and submit the required documents by the specified deadlines.

1. Requirements for Completing a Double Major

- a. Students must fulfill the minimum credit requirements for their major, including any specific courses required for the double major field.
- b. A double major must be declared and pursued for at least two regular semesters.
- c. Fields: Electrical Eng. and Computer Sci., Materials Sci. and Eng., Mechanical and Robotics Eng., Environment and Energy Eng., Life Sciences, Physics and Photon Sci., Chemistry, Mathematical Sci., AI Convergence
 - ※ Double Major in Semiconductor Eng. is not offered.
 - ※ Dept. of Biomedical Science and Engineering: Pending. Not offered in the 2026-1 semester.
 - ※ For detailed requirements by field, [refer to the Academic Handbook \(Undergraduate\) \(https://www.gist.ac.kr/en/html/sub05/050209.html\)](https://www.gist.ac.kr/en/html/sub05/050209.html).

2. Eligibility for Double Major Declaration

- a. Students who have registered for at least two regular semesters (or obtained at least 30 credits) with a GPA of 2.5 or higher.
- b. Students who have not declared a major are ineligible to apply for a double major.

3. Procedure : Online registration

Category	Double Major Declaration	Double Major Withdrawal*
	Feb 13, 2026 (Fri) 14:00 ~ Mar 15, 2026 (Sun)	
Online	ZEUS > Student Records > Double Major Declaration > (Select double major and enter your study plan (at least 100 chars)) > Apply > Advisor and major/double major department chair ZEUS approval > Automatically submitted to the Student Records Team	ZEUS > Student Records > Double Major Withdrawal > (Enter withdrawal reason) > Apply > Advisor and major/double major department chair ZEUS approval > Automatically submitted to the Student Records Team

* **Students expected to graduate in Aug 2026 who are expected** not to complete the required double major credits by the end of the Spring 2026 semester **must apply for double major withdrawal**. If unforeseen circumstances arise, such as not meeting the double major requirements due to the Spring 2026 grade processing results, a separate exception cancellation period will be announced in May. During this period, only students expected to graduate may apply for the cancellation.

Announcement of Declaration and Withdrawal of **Advanced Major** for the Spring 2026 Semester

This announcement provides the procedures for **declaring and withdrawing** from an advanced major for the Spring 2026 semester. Students who plan to declare or withdraw from an advanced major should complete the online registration and submit the required documents by the specified deadlines.

1. Requirements for Completing an Advanced Major

- a. Earn at least 12 additional credits beyond the maximum credit limit for the major (42 credits).
- b. Fields: Electrical Eng. and Computer Sci., Semiconductor Eng., Materials Sci. and Eng., Mechanical and Robotics Eng., Environment and Energy Eng., Life Sciences, Physics and Photon Sci., Chemistry, Mathematical Sci., AI Convergence
 - ※ Students in the Department of Semiconductor Eng. who meet the qualifications for declaring an advanced major are required to declare it.
 - ※ Dept. of Biomedical Science and Engineering: Pending. Not offered in the 2026 1st semester.

2. Eligibility for Advanced Major Declaration

- a. Students who have registered for at least two regular semesters (or obtained at least 30 credits) with a GPA of 2.5 or higher.
- b. Students who have not declared a major are ineligible to apply for an advanced major.

3. Procedure : Online registration

Category	Advanced Major Declaration	Advanced Major Withdrawal*
	Feb 13, 2026 (Fri) 14:00 ~ Mar 15, 2026 (Sun)	
Online	ZEUS > Student Records > Advanced Major Declaration > (Enter a study plan (at least 100 chars). Dept. will be auto-selected.) > Apply > Advisor and major department chair ZEUS approval > Automatically submitted to the Student Records Team	ZEUS > Student Records > Advanced Major Withdrawal > (Enter withdrawal reason) > Apply > Advisor and major department chair ZEUS approval > Automatically submitted to the Student Records Team

* Students expected to graduate in Aug 2026 who are expected not to complete the required advanced major credits by the end of the Spring 2026 semester **must apply for advanced major withdrawal**. If unforeseen circumstances arise, such as not meeting the advanced major requirements due to the Spring 2026 grade processing results, a separate exception cancellation period will be announced in May. During this period, only students expected to graduate may apply for the cancellation.
